## Recommendations:

- Label everything! Shorts, sweatshirts, water bottles, toiletries, towels, sleeping bags...label it all!
- Don't send your best stuff. Fancy new things quickly become old and used at camp. Rest assured that most everything you send to camp will come home with a fresh coat of dirt!
- Your camper will be doing lots of adventure activities where short or revealing clothing won't be appropriate. We ask that you leave things like short shorts, spaghetti strapped tops, two piece bathing suits, speedos, or other tight or revealing clothing at home.
- It might be summer camp, but it gets chilly here, especially at night. Make sure you pack some warm clothes.
